"For over 25 years, we have served as the overseas backbone for a wide range of clients-from Fortune 500 companies to mid-sized businesses and start-ups to government institutions helping them all to cost-effectively test new markets and strategically expand their footprint as needed to remain competitive in the global marketplace. We have carved out a niche in Asia with 16 offices and teams on the ground across the regions, and through trusted partners provide HR, Payroll and PEO support in markets worldwide. "

Neil Satterwhite, Tiger-Consulting Founder & CEO

Dubai is a very fast growing market and we are now able to support services there such as company incorporations, work permits, visas, serviced offices, virtual offices, meeting rooms, accounting, payroll, tax, tax advisory, corporate finance, digital marketing, websites and applications, local insurance, offshore insurance, recruitment, human resource advisory, and people employment organisation.
